

Deep-Fried Beaver Tails: A Canadian Perspective on Longevity Risk & Solutions

Brent Simmons

In this plenary session, Brent Simmons will share insights from the Canadian experience with longevity risk and solutions, including:

- Why many Canadian defined benefit plan sponsors may have a hidden longevity cost;
- How Canadian mortality tables and improvement scales stack up;
- Emerging Canadian best practices in longevity underwriting;
- Details on Canadian risk transfer solutions; and
- Compelling new research about why Canadian annuities are cheap
