PhD in Actuarial Science opportunities at Bayes Business School (formerly Cass)

Applications are sought from exceptional UK, EU and overseas graduates.

Studentships will be awarded to students based on outstanding academic achievement and research potential in the following subject areas:

- General and life insurance
- Health and social care
- Machine learning and analytics
- Mortality and longevity modelling
- Pensions and investment
- Risk management
- Statistics
- Stochastic modelling of risk in insurance and finance

COURSE STRUCTURE
The PhD track lasts 4 years with first year students taking taught modules across a range of topics as well as in research methodology. Years 2 to 4 are devoted to working on the PhD dissertation; further training includes reading groups in specific research areas, workshops on presentation skills and academic writing and intense pre-job market training. Please refer to www.bayes.city.ac.uk/phd/actuarial-science

Our faculty includes an outstanding array of scholars, all of them at the forefront of the academic debate in their areas. Together, they form a vibrant and well-integrated intellectual community, where collaborations and exchanges across fields are common.

CAREERS
PhD studies take place in a challenging and stimulating intellectual environment that questions received wisdom and explores the boundaries of knowledge. Recent graduates have gone on to follow research and teaching careers in departments at leading institutions such as: University of Toronto, UNSW Sydney, University of Milano-Bicocca, Durham University, University of Queratiero, University of Cambridge, University of Essex, Hanyang University. See: www.bayes.city.ac.uk/study/phd/student-stories

REF 2014
Our REF 2014 results place us 6th in the UK; this highlights the world class quality of Bayes Business School research and recognises the impact it has on business and policymakers.

STUDENTSHIPS
We offer up to 2 PhD studentships in Actuarial Science, comprising tuition fees and a maintenance grant of £16,057 per annum for four years, starting in October 2022. Studentships also offer funding for conference attendance over the four years.
