MSc in Charity Accounting and Financial Management

This unique course is one of the only management courses in Europe to focus on the specific needs of senior staff and professional advisors focussed on Charity Accounting and Financial Management. This academically rigorous and practically applied postgraduate course is designed for those hoping to develop a senior management career in a charity finance function, or become an advisor, auditor or independent examiner to a charity.

It is aimed at those currently working in the sector and also at people exploring a career shift into the charity sector and consultants looking to develop their financial expertise in the charity sector.

As a student you will gain:

- An understanding of the strategic issues and organisational challenges facing charity organisations and their managers
- Relevant management competencies, leadership skills and analytical capabilities
- Insight into the different strategies and approaches commonly adopted by charities
- An appreciation of the issues of managing change in the finance function
- Access to a strong network and connections within the sector
- Confidence to pursue your career in the sector.

WHAT SETS THE CHARITY ACCOUNTING AND FINANCIAL MANAGEMENT COURSE APART

Accreditation: the programme is accredited by the Institute of Chartered Accountants of England and Wales (ICAEW). Students will be eligible for the Institute's Diploma in Charity Accounting (DChA) upon completion of the Business school (formerly Cass) Postgraduate Diploma.

Both academic and applied: the course combines the academic rigour of an internationally respected business school with a highly practical and applied approach. The course is delivered by charity finance management practitioners with decades of first-hand experience and on going involvement in the sector. In addition we have guest lectures by senior staff or consultants presenting the latest issues and exploring the real-world challenges they face. The fieldwork exercise, a key component of the course, provides students with a unique insight into the day-to-day realities of charity financial management.

A rich learning environment: the course lecturers are among the most highly regarded in the University and several have been awarded prizes for the quality of their teaching. Personal reflection and learning is encouraged through action learning sets and the coaching opportunities that are available. We place considerable emphasis on student participation and interaction. Together with the diversity of the student cohort each year, this creates a stimulating learning environment.

Our students

All students are highly motivated graduate-level people who bring a wide range of professional competencies, skills and experience from a wide range of backgrounds.

Typically, we ask for:

- a good first degree, normally a 2.1 Honours degree or a relevant professional qualification, e.g: ACCA, CAI, CIPFA, ICAEW, ICAS;
- and three or more years relevant experience at a senior level. In exceptional cases we will accept those without a degree, provided they have significant and relevant work experience.

Tom Bilton

Global Finance and Operations Manager PEAS (Promoting Equality in African Schools)

I wanted to experience a professional course at one of the world's leading Business Schools that delivered both technical specialisms and more generalist leadership and management training across all the areas relevant to running a professional not-for-profit organisation. The course offered both extremely relevant and current theory but also very practical knowledge from those working in, or running such organisations. The Business School (formerly Cass) really excelled at all levels.

Nicola Silverleaf

Treasurer and Trustee, brick by brick

I came to the Charity Finance MSc as a mature student, wanting to move from being a commercial Finance Director into a portfolio career and since graduating, have achieved that. As well as working in a consulting capacity I have recently become a Trustee and Treasurer of a high profile Charity, which I would never have been able to do without the MSc behind me.

Elizabeth Dymond

Director of Finance and Corporate Services, The Charity for Civil Servants

I recently made the transition from the public sector to being a Finance Director in the Charity Sector. In advance of this, I completed the PGDip in Charity Accounting and Financial Management. I think I gained both from learning about the overall framework for charities in the UK and the current issues facing the sector and from learning the specifics about the accounting rules and disclosure requirements for charities. Having this knowledge gave me the confidence when trying to find a job and, I believe, helped convince the trustees of my charity to appoint me. The knowledge gained on the course has also helped me settle in to my new role fairly quickly.

Curriculum overview

The aim of the Charity Accounting and Financial Management course is to enable students to develop key management competencies and analytical capabilities needed by those in leadership and management positions in charities.

The course has been developed in partnership with the Charity Finance Group, the ICAEW and leading experts. It is one of the five postgraduate courses offered by the Business School's (formerly Cass) Centre for Charity Effectiveness (CCE). CCE inspires transformation and delivers positive change within the nonprofit sector through a mix of educational programmes, consultancy services and convening activities.

The full MSc is taught on a part-time basis over a period of two years. Alternatively, some students wish to graduate after the first year with a Postgraduate Diploma.

The first year is common to both the MSc and the PgDip and to all of the Centre's postgraduate courses. It consists of four core modules which all students take. These core modules provide the essential underpinning of management skills for the specialist modules.

To complete the full MSc, students are required to take the Research Methods for Managers module in the second year. They may then elect to conduct six months of personal supervised research and the presentation of a 15,000 word dissertation. Alternatively, they may choose to attend the Social Enterprise module and the two taught Specialist Pathway modules of one of the other courses as a Taught Masters.

All courses are taught at the Business School (formerly Cass) and will require attendance one weekend each month commencing on Friday afternoon from 13.00 to 21.00 and finishing on Saturday at 17.30.

Additional attendance will be required (first year only):

- On the Induction Day (the Friday of the October weekend of the course)
- For Action Learning Set meetings (usually alternate months, on Friday morning of the teaching weekend)
- The Advance Charity Accounting, Audit and Taxation module exam.
